Dear Mr Aston and Members of PIMA,

On behalf of all the children and families we work with here at Barnardos Auburn Children's Family Centre I would like to thank you for your kindness and generosity of sending us bags of new toys. I am pleased to say that these items have been distributed to the children in our care.

Barnardos Auburn Children's Family Centre each week responds to approximately 300 children, young people and their families. The needs of these children are our priority and the Centre offers a range of programs to support families with various challenges that confront them. We provide a children's service and 8 welfare programs and it is your generosity and support that assists us to help them, in their time of need.

Thanks again for your generosity and continuing support of our work here at Barnardos Auburn Children's Family Centre. We always appreciate and are happy to receive the toys which you have been sending us after your charity golf day over the years.

Thanks again for your support to Barnardos.

Yours sincerely,

Mary Haiek  
Centre Manager
